The Vienna High School Dance Team is hard at work already this year. Under the direction of Coleen Schwartz and the leadership of captain Ashley Minzes, they will be ready to shine on the gym floor for their first performance on December 4.

The girls have been furnished with costumes and have a lot more to offer this year. They have already had a bake sale and are planning to have a car wash before it gets too cold. They will also be selling candles and wrapping paper, along with the band.

"Every time they practice they look for uniform and in to

the dances," commented Mrs. Schwartz.

"I am really proud of how they're coming along and how fast they are learning the difficult steps," said Minzes. "Maybe one day, if we continue to progress so much, we will be able to go to competition. But right now all our effort is going into December 4!"
