

SCIENCE OLYMPIAD CHAMPIONS -- The Vienna High School Science Olympiad Team recently captured first place in the Gasconade Valley Conference. Pictured are team members Kory Bingaman, (front left), Debi Mosher, Crystal Wilson, Missy Miller, Tanya Cahill, Megan Duncan, David Weidinger, (middle left), Clayton Weidinger, David Hutchison, Chris Schwartz, Jeremy Smith, Jacob Cahill, Wade Webster, advisor John Kinkead, Pieter Lips, (back left) and Rebecca Henderson.

Science Olympiad team wins GVC championship

The Science Olympiad Team traveled to Cuba High School on Tuesday, March 13 to compete in the Spring Science Olympiad.

The events scheduled this time were: A is for Anatomy, Bio-Process Lab, Qualitative Analysis, Pentathlon and Mousetrapp Car.

The team for the spring consists of David Weidinger, Crystal Wilson, Megan Duncan, Tanya Cahill, Chris Schwartz, Wade Webster, Jacob Cahill, Rebecca Henderson, David Hutchison, Kory Bingaman and Clayton Weidinger.

Of the five featured events, the Vienna Team won first place medals in four. The other event

saw the Vienna participants earning third place medals.

It was an exciting time at the awards ceremony as the presenter, when he reached the first place medalist, continued to call out "and first place goes to VIENNA!"

This was an important win for the Vienna Team. Tied for first with Viburnum in the conference at the Fall Olympiad contests, the local team dominated their opponents this time and were propelled into first place overall in the GVC standings.

The complete Science Olympiad team received the first place plaque at the GVC

Spring Recognition Ceremonies.

Because of a commitment to allow the greatest number of participants on the team along with the large number of students the local Olympiad team and a limited number of spaces for participants in the Spring events, Fall Olympiad Team members Jeremy Smith, Pieter Lips, Missy Miller and Debi Mosher did not participate in the Spring event, but were a vital part of this year's winning effort.

The first place trophy will be on display at the High School in recognition of the achievement of the Science Olympiad team for 2000-2001.
