Kacie Workman and Mitch George are featured in this week's Senior Spotlight.

Kacie is the daughter of Kimberly and Raymond Workman.

She loves Mexican food, especially burritos. Her favorite color is purple, animal is the cat, movie is "Save The Last Dance", and class is Accounting with Mrs. Combs.

Mel Gibson and Julia Stiles are Kacie's favorite actors. She likes spending her free time with her boyfriend (Mitch) and with other people who are close to her. She says her interests are in creative memory.

If Kacie could go anywhere in the world, she would go to the Bahamas because "it seems like the most pleasant place."

She says her boyfriend, Mitch, is her best friend because, "I tell him everything and he is always there for me."

Kacie's sister, Brandy, has been the biggest influence on her life.

"I know she is there to make sure that I'm on the right track, and for that I couldn't thank her more," she says.

After high school, Kacie plans to attend either Merrill cosmetology school, or maybe get a degree in Business Management from Lincoln University.

Mitch George is the son of Scott and Debbie Wisdom. His favorite food is steak, color is blue, and class is Novels.

Sean William Scott is Mitch's favorite actor and "American Pie 2" is his favorite movie. The goat is his favorite animal. Mitch enjoys going paintballing, hunting and playing basketball.

If he could go anywhere in the world, he'd go to Cancun, Mexico.

Mitch's best friend is Michael George, who is also his cousin, because they have always been there for each other. He says his mom has had the biggest influence on his life.

After high school, Mitch plans to work for about a year, then go to college.
