Mrs. Foster's third hour Foods class has been working on a lunch menu project. The class started out by brainstorming about problems in the school.

They came up with the idea of planning a lunch that students and teachers would like. The class designed a survey and handed it out to all teachers, high school students and junior high students. Then they compiled the results.

The following are the top five menus: 1. Mexican pizza, green beans, frozen peaches and brownies, 2. Pizza, corn, grapes, ice-cream and breadsticks 3. Chicken tenders, mashed potatoes, strawberries, chocolate chip cookies and dinner rolls 4. Fettuchini Alfredo, broccoli with cheese sauce, kiwi, cherry cheesecake and crescent rolls 5. Ramen noodle soup, grilled cheese, fried okra, watermelon and banana pudding.

The students are now waiting to get the cooks' approval of the menus. If the menus are approved, Maries R-I students can look forward to eating the foods that they voted for.
